

RWDachshunds and buyer hereby enter into a contract for the sale of one puppy described as follows:

This 1 year health guarantee is for a Miniature Dachshund puppy:

MALE/FEMALE: _____ **COLOR:** _____

PATTERN: _____ **COAT TYPE:** _____

DOB: _____

Sire: _____

Dam: _____

Buyer agrees to pay the full purchase price of: \$ _____

Deposit Price Paid: \$ _____ **Date Paid:** _____

Remaining Balance (due when puppy is 6 weeks of age): \$ _____

Date Balance Is Due: _____

Registration: Limited / Full AKC/ No Papers: _____

1. The breeder guarantees this puppy or adult is a purebred Dachshund with AKC registration. The breeder guarantees this puppy to be in good health at the time of purchase, to the best of my knowledge. Buyer has examined the puppy and agrees the puppy appears to be in good health. The breeder also guarantees the puppy has had age appropriate vaccinations and de-worming appropriate to the puppy's age. (All of our puppies will be vet checked and come with a Veterinary Health Certificate.)

2. It is recommended that the buyer have the puppy examined by a licensed veterinarian, (at buyers' expense) within 72 hours of receiving the puppy. **IF THE PUPPY IS NOT EXAMINED BY A LICENSED VETERINARIAN WITHIN 72 HOURS OF TAKING POSSESSION OF THE PUPPY BEING PURCHASED, THIS GUARANTEE WILL BE VOID.** If at the time of examination, the veterinarian finds the puppy to have a life threatening genetic defect, the puppy may be returned to the breeder (at buyers expense), with a written report from the veterinarian and all paper work given to you at time of purchase. Breeder will replace the puppy with a puppy of the same price value. Buyer understands that there may be a wait for another puppy of the same price value to become available. This guarantee does NOT cover cosmetic defects (and known cosmetic defects will be made known to the buyer previous to any payment accepted). Only life- threatening genetic defects qualify for a replacement puppy. Any puppy found to not be receiving proper care or being neglected at any time must be returned to the breeder at the buyers' expense. (NO REFUNDS WILL BE GIVEN FOR GENETIC DEFECTS COVERED IN THIS CONTRACT HOWEVER WE WILL PROVIDE A NEW PUPPY OF THE SAME PRICE PAID. IF THE REPLACEMENT PUPPY WANTED HAS A GREATER COST, BUYER IS RESPONSIBLE FOR PAYING THE DIFFERENCE.)

3. If the puppy becomes sick and dies within 72 hrs of being in the buyers possession, buyer must have a necropsy performed to prove cause of death was not due to neglect on the buyers part in order to receive a replacement puppy of equal price value when one becomes available. Breeder reserves the right to have their own vet confirm any findings in said report.

4. Breeder will not guarantee against common problems such as hypoglycemia, internal or external parasites, coccidia, diarrhea due to stress from shipping, new home, or improper diet. Buyer will assume full responsibility for the health, temperament, and appearance of the above described puppy, upon possession. It is the buyers' responsibility to protect the puppy from dangerous or infectious situations until the puppy has completed its series of vaccinations.

5. Breeder cannot guarantee adult size, temperament, color or alopecia in dilutes. Buyer understands that all puppies exhibit certain undesirable behaviors such as, nipping, chewing, barking, marking, etc. Buyer is encouraged to train puppy to correct each behavior.

6. Under no circumstance is the breeder held responsible for any medical services after the buyer receives the puppy.

7. If a puppy is sold as a pet/companion only, papers will not be provided until after proof of spay/neuter has been received (if puppy is being sold with limited registration). If you do not provide proof of spay/neuter by the time the puppy is 8 months old, buyer will not receive registration papers and will be required to surrender said puppy back to the seller/breeder (at buyers' expense). Buyer agrees that a puppy bought as a pet only/companion will not be bred at any time, accidentally or intentionally or buyer will be required to surrender the puppy back to the seller/breeder for breach of contract (at buyers' expense). Additionally, if buyer does not spay/neuter pet as agreed and provide documentation to breeder/seller by the required age stated in the contract or if the buyer intentionally or unintentionally breeds the puppy/dog being purchased, a \$2000 penalty fee must be paid to breeder/seller by the buyer.

8. If at ANY time in the life of the dog, buyer is unable to keep the dog, the breeder must be notified and MUST be returned to the breeder no matter what age the puppy/dog is. No money will be refunded for doing this and no replacement will be given. Buyer agrees that they will not relinquish the dog to an animal shelter, pound, Humane Society or resell the puppy to another party under any circumstances, ever.

9. Seller/breeder will be listed as secondary contact on microchip registration and is not to be removed as secondary contact.

10. Buyer agrees that they will NOT give this puppy/dog the Leptospirosis vaccine. Dachshunds have extremely bad reactions to this vaccine. If you choose to give this vaccine against our advice, it will void this guarantee.

11. Buyer agrees to add our kennel name RWDachshund in the puppy's name when being registered with AKC. RWDachshund does not need to be at the beginning of the name but it must be somewhere in the puppy's registered name.

This contract is for the benefit of both parties involved and to safeguard the health and well-being of the puppy/dog being purchased and is legal and binding in Tulare County in state of California. Buyer understands that by signing this

contract the buyer agrees to adhere to the terms and conditions stated herein. Any disputes will be settled in the court of Tulare County, California
